

**Anglican International School of Jerusalem
IMAGE USE PERMISSION SLIP**

The AISJ website is a tool to communicate with our students, teachers, families, prospective students, and the wider community. To enhance this experience we would like to use photos that show student involvement in various activities. We understand the importance of cyber safety and will never post a student's name with a photo.

In order for students' images, work examples, or names to appear on the campus and classroom websites, it is required that we obtain parental permission. We also require parental permission to use students' images, work examples or names in school publications (e.g. newsletters). Please fill out the following form acknowledging your preference.

The school will be allowed to use pictures of children taken during special internal school events (eg. Christmas Productions, End of Year Productions, Presentations, Fairs and Year Book). The school will use these pictures in post-production albums and videos taken during these events. Only the parents of the children involved will have access to these books.

Kind regards,

AISJ Senior Management Group

Students Name: _____

Grade Level: _____

I am the parent or legal guardian of the child named above. I understand the possible use of my child's image on the AISJ website and/or in school publications.
