MISSION & BELIEFS

AISJ's mission is to create a student-focused academic and educational environment which aspires to achieve excellence. It promotes Christian beliefs and values whilst respecting the rich and diverse communities within the school and its unique location. Its goal is to empower all students to become responsible world citizens.

WITHIN AISJ, we believe that:

- Each member of the community should be valued as a uniquely created individual.
- Students should be encouraged and enabled to realize their own full potential.
- Our school environment must enable the whole being - spiritual, moral, emotional, intellectual, social and physical - to be nurtured and developed.
- Mutual respect and appreciation flow from a fostering of attitudes and honesty, integrity, care and social responsibility.
- The international nature of our community enhances the learning experiences and social interactions of our students, staff and families.
- Parental support and involvement are vital to the realization of a shared community vision.
- Effective learning is achieved through stimulating students' curiosity, creativity and enthusiasm.
- A spirit of co-operation, coupled with development of individual study skills, self-discipline, and analytical thinking will equip our students for present and future learning.
- The Judaeo-Christian scriptures are the source for the school's framework of Christian beliefs and values.
